Date: December 14, 2021.

## TO WHOMSOEVER IT MAY CONCERN

This is to certify that we the undersigned contractors have successfully carried out refilling of portable fire extinguishing system as per the guidelines from Mumbai Fire Brigade and order from the principal of KV2, Navy Nagar, Mumbai – 400 005. The units refilled hold a warrantee of 1 year from the date of refill. Warrantee voids if the units are used / damaged or if the seal is broken.

The Kendra Vidyalaya had given us 43 units for refilling, of which 14 units were found damaged & authorised to be discarded by the client

The remaining extinguishers were duly refilled and handed over to the client in good and healthy condition.

After checking and testing of units installed in the Kendra Vidyalaya building premises, the said building can be deemed as fire compliant with satisfactory Fire safety & Life safety for a period of one year.

Thanking you and assuring our best of services at all times.

Yours sincerely

For Kaushik Fire Appliances Services
